## TERMS OF SALE

1. Terms are strictly CASH to the highest bidder. In case of dispute the decision of the Auctioneer will be final. Lots must be cleared and paid for at the end of the sale.
2. For those unable to attend the sale in person, bids may be executed by the Auction Manager, but forwarding charges, insurance and registration, etc., will be charged to the buyer. Bids from overseas members should be in Sterling and **all bids from members not attending the sale in person must be received by 1200 hours Saturday 4th October 2014 if by e mail or by Friday 26th September 2014 if by phone or mail.**
3. Successful bidders will be notified of their purchases by Pro-forma invoice (normally by e mail) and lots will be forwarded upon receipt of the FULL remittance in STERLING funds.
4. Lots will normally be sent out by first class mail (or equivalent) for invoices up to £50 in value or by Royal Mail 'Signed For' service (or equivalent) for invoices over £50. Buyers requiring an alternative service should request this when responding to the pro-forma invoice.
5. All lots are sold as genuine (except where offered 'as is') but neither the Auctioneer nor the Society can be held responsible for a wrong description by the vendor.
6. All lots are sold in STERLING FUNDS and must be paid for in STERLING FUNDS. Payment may be made either by sterling cheque made payable to the Society or via PAYPAL. **In the case of PAYPAL payments a 5% surcharge will be applied to cover PAYPAL charges.**
7. The estimates given in the appropriate column are meant as a guide to those bidders unable to inspect the lots. In many cases the vendor's figures have been checked and adjusted. It is anticipated that most lots will sell at, or a little above, the estimate given. Condition has been taken into account and every effort made to give a clear description for the benefit of the postal bidders. Such descriptions have, of necessity, to be reasonably brief. The Auction Manager is prepared to attempt to give more detailed descriptions of larger lots. The numbers stated in general lots and accumulations have not all been checked and must be accepted as only approximate.
8. **THERE IS NO BUYER'S PREMIUM OR VAT PAYABLE.**
9. The majority of single item lots in the sale are illustrated in this catalogue. Large and mixed lots have generally been illustrated by showing a sample of the contents. **Lot numbers highlighted in red have illustrations; normally on the adjacent page.** Should these illustrations prove inadequate, the Auction Manager will be happy to provide additional information or scans or to provide material for Postal Viewing.

Any applications for Postal Viewing will be dealt with in strict rotation. The cost both ways, must be paid for by the viewer and all lots must be sent back BY RETURN OF POST, with remittance to cover postage, registration, etc. Unfortunately, no lots can be sent for viewing to overseas members nor can any lots be sent out for postal viewing after Wednesday 17th September 2014. Scans can be sent as jpeg attachments up to Friday 26th September 2014. Note that the scans on the website are of sufficient resolution to allow zoom to at least 400%

**All enquiries, viewing requests and bids should be sent to the Auction Manager.**

The auction will be called by our Auctioneer, Colin Lewis, who is an experienced auctioneer who will treat your bids in confidence. Your limit bid will not be used as a starting bid.

## INFORMATION FOR BIDDERS

An estimate is shown against each lot. This is an estimate of the market value of the lot and may be used as a guide to the likely selling price. However, please note that our Auction Manager does not always get it right!

Where vendors have set a reserve price, this will normally be some 50 – 90% of the estimate. If the estimate is at 100% of reserve, this will be clearly indicated in the lot description.

We also sometimes have lots sold without reserve, particularly when they are donated or sold for Society funds. Again, this will be clearly highlighted in the lot description. Please bid generously in such cases!

### **Our bidding increments are as follows:-**

<b>Up to £10</b>	<b>50p steps</b>
<b>£10 to £20</b>	<b>£1 steps</b>
<b>£20 to £50</b>	<b>£2 steps</b>
<b>£50 to £100</b>	<b>£5 steps</b>
<b>£100 to £200</b>	<b>£10 steps</b>
<b>Over £200</b>	<b>at Auctioneers discretion.</b>

Please note that we do not accept 'Buy' bids. Bids received which are not in line with the above steps will be rounded down to the nearest bidding increment.

Lots will be sold to the highest bidder at one increment above the next highest bid. Your bid will not be used as a starting price. In the event of tied bids, the bid received earliest will win the lot.

For the majority of lot values we have referred the following catalogues:-

SG - Stanley Gibbons Canada & Provinces 4<sup>th</sup> Edition 2011

CS - Unitrade Specialized Catalogue of Canadian Stamps 2013 Edition

Other catalogues have been used for some specialised material and where applicable these are clearly referenced. (E.g. E.S.J. Van Dam for Revenue stamps etc.)

Where the abbreviation STC is used, the catalogue value stated is that provided by the vendor and has not been checked by the Auction Manager.

The sale is listed as follows:-

1. Mixed lots
2. Literature
3. Postal History (divided into a number of sub-sections listed alphabetically)
4. Cancellations
5. Stamps (divided into a number of sub-sections listed alphabetically)
6. Late Lots - could be anything!

The Postal History and Mixed Lots sections of the sale contain many specialised items. Rather than split these into too many sub-listings we have attempted to highlight key words (**in red**) that may draw attention to items of special interest or unusual destinations. The system is, of course, not foolproof so if you do have specific interests we would advise close inspection of the lot listings to ensure you do not miss something important. Within each section, lots are listed broadly in chronological order.

Please note that although we have made efforts to illustrate the vast majority of lots, the scans are **not to scale** so relative sizes will not be correct.

Originally rated Paid 4 1/2 (d) in black manuscript, the recipient (Sir John Colborne, Commander in Chief of the British Forces in Canada responsible for putting down the rebellions of 1837 and 1838) was found to have moved to William Henry so the letter was forwarded there at an additional charge of 1/2 (d) Light FORWARDED handstamp in red (probably applied in Montreal). 53	1840 (AP 16) SFL from London U.C. to Toronto rated 9 (d) in black manuscript. Shows VF strike of the straight line italic ' <b>Too Late</b> ' handstamp in red. It would appear that the letter arrived in the post office after the overnight mail bags had been sealed. As the following day was Good Friday the letter would not have been dispatched until the 18th but the Sunday and Monday were also holidays for Easter resulting in the letter not arriving in Toronto until the Tuesday. This 5 day journey time for a letter sent only just over 100 miles would have been good cause for the prominent 'Too Late' marking!
