TERMS OF SALE

1. Terms are strictly CASH to the highest bidder. In case of dispute the decision of the Auctioneer will be final. Lots must be cleared and paid for at the end of the sale.
2. All bids will be executed by the Auction Manager, but forwarding charges, insurance and registration, etc., will be charged to the buyer. Bids from overseas members should be in Sterling and **all bids must be received by Friday 20th March 2020 at 1200hrs GMT if by e mail or by Thursday 19th March 2020 if by phone or mail.** Receipt of bids will be acknowledged by e mail or phone so if you don't receive this acknowledgement please contact the Auction Manager asap.
3. Successful bidders will be notified of their purchases by Pro-forma invoice (normally by e mail) and lots will be forwarded **after receipt** of the FULL remittance in STERLING funds.
4. Lots will normally be sent out by first class mail (or equivalent) for invoices up to £40 in value or by Royal Mail 'Signed For' service (or equivalent) for invoices over £40. Buyers requiring an alternative service should request this when responding to the pro-forma invoice.
5. All lots are sold as genuine (except where offered 'as is') but neither the Auctioneer nor the Society can be held responsible for a wrong description by the vendor.
6. All lots are sold in STERLING FUNDS and must be paid for in STERLING FUNDS. Payment may be made either by sterling cheque drawn on a UK clearing bank and **made payable to the Society** or via PAYPAL. **In the case of PAYPAL payments a surcharge will be applied (normally 5% but may be higher for small invoices) to cover PAYPAL charges.**
7. The estimates given in the appropriate column are meant as a guide to the current retail value of the lots. In many cases the vendor's figures have been checked and adjusted. It is anticipated that most lots will sell at, or a little above, the estimate given. Condition has been taken into account and every effort made to give a clear description for the benefit of bidders. Such descriptions have, of necessity, to be reasonably brief. The Auction Manager is prepared to attempt to give more detailed descriptions of larger lots. The numbers stated in general lots and accumulations have not all been checked and must be accepted as only approximate.
8. **THERE IS NO BUYER'S PREMIUM OR VAT PAYABLE.**
9. Virtually all of the lots in this sale are illustrated in this catalogue. Large and mixed lots have generally been illustrated by showing a sample of the contents. **Lot numbers highlighted in red have illustrations; normally on the adjacent pages.** Should these illustrations prove inadequate, the Auction Manager will be happy to provide additional information or scans or to provide material for Postal Viewing.

Applications for Postal Viewing will be dealt with in strict rotation. The cost both ways, must be paid for by the viewer and all lots must be sent back **BY RETURN OF POST**, with remittance to cover postage, registration, etc. Unfortunately, no lots can be sent for viewing to overseas members nor can any lots be sent out for postal viewing after Friday 6th March 2020. Scans can be sent as jpeg attachments up to Friday 13th March 2020.

All enquiries, viewing requests and bids should be sent to the Auction Manager.

INFORMATION FOR BIDDERS

An estimate is shown against each lot. This is an estimate of the market value of the lot and may be used as a guide to the likely selling price. However, please note that our Auction Manager does not always get it right!

Where vendors have set a reserve price, this will vary widely from 30% to 90% of estimate but will in most cases be some 60 – 80% of the estimate. Where lots are being sold without reserve, this will be clearly highlighted in the description.

This sale includes a number of lots donated or sold for Society funds or for Charities. Where this is the case the lot number is followed by a bold *. Please bid generously in such cases!

Our bidding increments are as follows:-

Up to £10	50p steps
£10 to £20	£1 steps
£20 to £50	£2 steps
£50 to £100	£5 steps
£100 to £200	£10 steps
£200 to £500	£25 steps
Over £500	at Auctioneers discretion.

Please note that these increments do not allow bids such as £25 or £35. We do not accept 'Buy' bids. Bids received which are not in line with the above steps will be rounded down to the nearest bidding increment.

Lots will be sold to the highest bidder at one increment above the next highest bid. Your bid will not be used as a starting price. **In the event of tied bids, the bid received earliest will win the lot.**

The Auction Manager will treat your bids in confidence. Your limit bid will not be used as a starting bid.

For the majority of lot values we have referred to the following catalogues:-

SG - Stanley Gibbons Canada & Provinces 6th Edition 2016

CS - Unitrade Specialized Catalogue of Canadian Stamps 2018 Edition

Van Dam catalogue of Revenue Stamps - 1994 edition.

Where the abbreviation STC is used, the catalogue value stated is that provided by the vendor and has not been checked by the Auction Manager.

The sale is listed as follows:-

1. Stamps - Revenue stamps
2. Postal History - Covers etc - Mixed Lots, Accumulations and Collections
3. Postal History - Covers etc - small lots (divided into a number of sub-sections)
4. Postal History - Cancellations (divided into a number of sub-sections)
5. Stamps - other (divided into a number of sub-sections)
6. All those lots I missed out the first time I compiled the list!

The Postal History sections of the sale contain many specialised items. Rather than split these into too many sub-listings we have attempted to highlight key words (**in red**) that may draw attention to items of special interest or unusual destinations. The system is, of course, not foolproof so if you do have specific interests we

would advise close inspection of the lot listings to ensure you do not miss something important. Within each section, lots are listed broadly in chronological order.

Please note that although we have made efforts to illustrate the vast majority of lots, the scans are **not to scale** so relative sizes will not be correct. The scans are, however, of fairly high resolution so you will be able to blow them up in size online to get a close up view of the material.

Oh and remember..... if you see something you like, bid early, bid often and bid high!!

FOREWORD

This sale contains the usual eclectic mix of postal history and stamps from the BNA area. Lots are estimated from as little as £2 up to over £200 so there should be something to match most collecting interests and also all pocket books.

As usual, all estimates and bidding are done in £ Sterling although successful overseas bidders will be able to pay invoices in their local currency using PAYPAL. Whilst the sale contains a wide variety of BNA material, the particular highlights include our largest ever offering of Revenue stamps - over 70 lots of both Federal and provincial types including a number of rarely seen items. In addition the sale features the following:-

1. A good range of World War 2 era covers including some unusual destinations
2. A nice lot of Canadian stamps from the period 1915 - 1954 all unmounted mint
3. A large range of Squared Circle cancels - many on cover and card
4. A nice lot of Transatlantic covers - many to or from the Maritime Provinces
5. Our best ever offering of the Admiral War Tax issues of 1915 including the various overprints.

Following successful sales in our last four auctions, this sale also includes a few more of the ever popular bulk used stamps (mostly off paper). Ideal as 'study' lots for varieties and postmarks, these are for those of you who like to get a lot of stamps for your money! Hopefully those of you who missed out the last few times can have another go in this auction - I keep saying these are the last such lots but then I find some more but one day they will run out!

I hope you can find a few lots to enhance your collection.

REVENUE STAMPS

The following 76 lots represent a large collection of Revenue stamps (both Federal and Provincial types) broken down into suitable lots for collectors. Bidders should note that your Auction Manager only has a copy of the 1994 edition of the Van Dam Revenue catalogue. A quick review of current Van Dam retail prices indicates that my catalogue prices are considerably out of date (in some cases only half of current prices). Please be aware therefore that the 'catalogue prices' quoted in the descriptions may well be seriously understated and bid accordingly. That said, there should be some good bargains to be had here!

STAMPS - BULK LOTS

The following 15 lots all comprise packets of stamps - mostly off paper but a few on paper - in bulk. Most are Admirals. In many cases, there are far too many to count so I have given an indication for each lot of the weight in grams. Where counts are given please regard these as approximate only. Most of these lots are Admiral stamps so for guidance 100 Admirals weigh approx. 4 gms. For all these lots, the condition of the contents will vary but there are many very fine copies here as well as the odd faulty one. Lots include pairs, strips and blocks. They appear to have been collected and selected for a wide variety of reasons including; cancels, dated copies, retouches, plating studies etc etc. For those who like to get a lot of stamps for their money, these are for you!! Expect a higher than normal percentage of minor plate varieties, retouches, re-entries and dated copies etc. Estimates have been set on the basis of actual realisations for similar lots in our last few sales. Most are ex Peter Payne, Sandy Mackie, John Hannah and/or George Marler. They picked them out so must be some goodies here!!
