TERMS OF SALE

1. Terms are strictly CASH to the highest bidder. In case of dispute the decision of the Auctioneer will be final. Lots must be cleared and paid for at the end of the sale.
2. For those unable to attend the sale in person, bids may be executed by the Auction Manager, but forwarding charges, insurance and registration, etc., will be charged to the buyer. Bids from overseas members should be in Sterling and **all bids from members not attending the sale in person must be received by 1200 hours Wednesday 30th September 2015 if by e mail or by Friday 25th September 2015 if by phone or mail.** Receipt of bids will be acknowledged by e mail or phone so if you don't receive this please contact the Auction Manager asap.
3. Successful bidders will be notified of their purchases by Pro-forma invoice (normally by e mail) and lots will be forwarded upon receipt of the FULL remittance in STERLING funds.
4. Lots will normally be sent out by first class mail (or equivalent) for invoices up to £50 in value or by Royal Mail 'Signed For' service (or equivalent) for invoices over £50. Buyers requiring an alternative service should request this when responding to the pro-forma invoice.
5. All lots are sold as genuine (except where offered 'as is') but neither the Auctioneer nor the Society can be held responsible for a wrong description by the vendor.
6. All lots are sold in STERLING FUNDS and must be paid for in STERLING FUNDS. Payment may be made either by sterling cheque drawn on a UK clearing bank and **made payable to the Society** or via PAYPAL. **In the case of PAYPAL payments a 5% surcharge will be applied to cover PAYPAL charges.**
7. The estimates given in the appropriate column are meant as a guide to those bidders unable to inspect the lots. In many cases the vendor's figures have been checked and adjusted. It is anticipated that most lots will sell at, or a little above, the estimate given. Condition has been taken into account and every effort made to give a clear description for the benefit of the postal bidders. Such descriptions have, of necessity, to be reasonably brief. The Auction Manager is prepared to attempt to give more detailed descriptions of larger lots. The numbers stated in general lots and accumulations have not all been checked and must be accepted as only approximate.
8. **THERE IS NO BUYER'S PREMIUM OR VAT PAYABLE.**
9. The majority of single item lots in the sale are illustrated in this catalogue. Large and mixed lots have generally been illustrated by showing a sample of the contents. **Lot numbers highlighted in red have illustrations; normally on the adjacent page.** Should these illustrations prove inadequate, the Auction Manager will be happy to provide additional information or scans or to provide material for Postal Viewing.

Applications for Postal Viewing will be dealt with in strict rotation. The cost both ways, must be paid for by the viewer and all lots must be sent back BY RETURN OF POST, with remittance to cover postage, registration, etc. Unfortunately, no lots can be sent for viewing to overseas members nor can any lots be sent out for postal viewing after Wednesday 16th September 2015. Scans can be sent as jpeg attachments up to Friday 25th September 2015.

All enquiries, viewing requests and bids should be sent to the Auction Manager.

INFORMATION FOR BIDDERS

An estimate is shown against each lot. This is an estimate of the market value of the lot and may be used as a guide to the likely selling price. However, please note that our Auction Manager does not always get it right!

Where vendors have set a reserve price, this will vary from 30% to 90% of estimate but will normally be some 60 – 80% of the estimate. If the estimate is at 100% of reserve, this will be clearly indicated in the lot description.

We also sometimes have lots sold without reserve, particularly when they are donated or sold for Society funds. Again, this will be clearly highlighted in the lot description. Please bid generously in such cases!

Our bidding increments are as follows:-

Up to £10	50p steps
£10 to £20	£1 steps
£20 to £50	£2 steps
£50 to £100	£5 steps
£100 to £200	£10 steps
£200 to £500	£25 steps
Over £500	at Auctioneers discretion.

Please note that we do not accept 'Buy' bids. Bids received which are not in line with the above steps will be rounded down to the nearest bidding increment.

Lots will be sold to the highest bidder at one increment above the next highest bid. Your bid will not be used as a starting price. In the event of tied bids, the bid received earliest will win the lot.

The auction will be called by an experienced auctioneer who will treat your bids in confidence. Your limit bid will not be used as a starting bid.

For the majority of lot values we have referred to the following catalogues:-

SG - Stanley Gibbons Canada & Provinces 5th Edition 2014

CS - Unitrade Specialized Catalogue of Canadian Stamps 2013 Edition

Other catalogues have been used for some specialised material and where applicable these are clearly referenced. (E.g. E.S.J. Van Dam for Revenue stamps etc.)

Where the abbreviation STC is used, the catalogue value stated is that provided by the vendor and has not been checked by the Auction Manager.

The sale is listed as follows:-

1. Philatelic Literature and Maps
2. Mixed Lots
3. Postal History (divided into a number of sub-sections listed alphabetically)
4. Railway and TPO Cancellations and Covers
5. Military Mail
6. Cancellations
7. Stamps (divided into a number of sub-sections listed alphabetically)

The Postal History sections of the sale contain many specialised items. Rather than split these into too many sub-listings we have attempted to highlight key words (**in red**) that may draw attention to items of special interest or unusual destinations. The system is, of course, not foolproof so if you do have specific interests we would advise close inspection of the lot listings to ensure you do not miss something important. Within each section, lots are listed broadly in chronological order.

Please note that although we have made efforts to illustrate the vast majority of lots, the scans are **not to scale** so relative sizes will not be correct..

Oh and remember..... bid early, bid often and bid high!!

Originally rated Paid 4 1/2 (d) in black mss, the recipient (Sir John Colborne, Commander in Chief of the British Forces in Canada responsible for putting down the rebellions of 1837 and 1838) was found to have moved on to William Henry so the letter was forwarded there at an additional charge of 1sh 2d. The front of the letter carries three double circle postmarks in different colours from Queenston (green), Montreal (red) and City of Toronto (black). 32	1847 (21 July) tiny letter sent prepaid from St Johns, Upper Canada to Brockville. Rated paid 11 1/2 pence for a distance of 201 - 300 miles. After entering the mails, it was realised that the distance to Brockville was, in fact, greater than 300 miles and the letter was charged an additional 2 pence collect. (Has 'More to Pay' in mss on front). Letters of this period were regularly charged incorrectly as there was no official table of distances between post offices. However, it is most unusual to see a letter of this period subjected to an additional postage due charge in this way. Very minor edge wear and a trifle grubby but o/w fine.	£80
33	1849 local folded letter mailed within Brockville and charged the local carrier delivery rate of 1 penny. Such local rates are rarely seen prior to 1851. Very fine condition and mounted and written up on an exhibition sheet.	£80

48	1870 Green folded wrapper for Post Office use to enclose registered letters. From St. John N.B. dated JA 4 1870 to the Postmaster of Liverpool for an addressee in Manchester. The mss rates at upper right suggest that the destinations may well have been those in Nova Scotia rather than the UK although this is not certain. These Green cover wrappers were used in the Maritimes as a spill over from the days of Provincial control and their use continued until forbidden by the Dominion Post Office Department in 1875. However, they are very rare (Harrison rates as RR - less than 6 known). Condition is generally fine - we note a pin hole at top centre. A great addition to any display of registered mail.	£250

This letter was correctly endorsed but was wrongly rated at 10 cents US postage. This initial rating was deleted and the letter re-rated 3 pence. However, for some reason the letter never travelled via Portland and was routed via Woodstock NB and Quebec. The reverse carries an array of date stamps from Fredericton (26 DEC 1856), St John (27 DEC), Woodstock (29 DEC), Quebec (2 JAN 1857), Montreal (3 JAN) and received at Papineau on 6 Jan 1857.
