TERMS OF SALE

1. Terms are strictly CASH to the highest bidder. In case of dispute the decision of the Auctioneer will be final. Lots must be cleared and paid for at the end of the sale.
2. All bids will be executed by the Auction Manager, but forwarding charges, insurance and registration, etc., will be charged to the buyer. Bids from overseas members should be in Sterling and **all bids must be received by 1200 hours Thursday 28th February 2019 if by e mail or by Wednesday 27th February 2019 if by phone or mail.** Receipt of bids will be acknowledged by e mail or phone so if you don't receive this acknowledgement please contact the Auction Manager asap.
3. Successful bidders will be notified of their purchases by Pro-forma invoice (normally by e mail) and lots will be forwarded **after receipt** of the FULL remittance in STERLING funds.
4. Lots will normally be sent out by first class mail (or equivalent) for invoices up to £50 in value or by Royal Mail 'Signed For' service (or equivalent) for invoices over £50. Buyers requiring an alternative service should request this when responding to the pro-forma invoice.
5. All lots are sold as genuine (except where offered 'as is') but neither the Auctioneer nor the Society can be held responsible for a wrong description by the vendor.
6. All lots are sold in STERLING FUNDS and must be paid for in STERLING FUNDS. Payment may be made either by sterling cheque drawn on a UK clearing bank and **made payable to the Society** or via PAYPAL. **In the case of PAYPAL payments a surcharge will be applied (normally 5% but may be higher for small invoices) to cover PAYPAL charges.**
7. The estimates given in the appropriate column are meant as a guide to the current retail value of the lots. In many cases the vendor's figures have been checked and adjusted. It is anticipated that most lots will sell at, or a little above, the estimate given. Condition has been taken into account and every effort made to give a clear description for the benefit of bidders. Such descriptions have, of necessity, to be reasonably brief. The Auction Manager is prepared to attempt to give more detailed descriptions of larger lots. The numbers stated in general lots and accumulations have not all been checked and must be accepted as only approximate.
8. **THERE IS NO BUYER'S PREMIUM OR VAT PAYABLE.**
9. Virtually all of the lots in this sale are illustrated in this catalogue. Large and mixed lots have generally been illustrated by showing a sample of the contents. **Lot numbers highlighted in red have illustrations; normally on the adjacent pages.** Should these illustrations prove inadequate, the Auction Manager will be happy to provide additional information or scans or to provide material for Postal Viewing.

Applications for Postal Viewing will be dealt with in strict rotation. The cost both ways, must be paid for by the viewer and all lots must be sent back BY RETURN OF POST, with remittance to cover postage, registration, etc. Unfortunately, no lots can be sent for viewing to overseas members nor can any lots be sent out for postal viewing after Friday 15th February 2019. Scans can be sent as jpeg attachments up to Friday 22nd February 2019.

All enquiries, viewing requests and bids should be sent to the Auction Manager.

INFORMATION FOR BIDDERS

An estimate is shown against each lot. This is an estimate of the market value of the lot and may be used as a guide to the likely selling price. However, please note that our Auction Manager does not always get it right!

Where vendors have set a reserve price, this will vary from 30% to 90% of estimate but will normally be some 60 – 80% of the estimate. Where lots are being sold without reserve, this will be clearly highlighted in the description.

This sale includes a number of lots donated or sold for Society funds or for Charities. Where this is the case the lot number is followed by a bold *. Please bid generously in such cases!

Our bidding increments are as follows:-

Up to £10	50p steps
£10 to £20	£1 steps
£20 to £50	£2 steps
£50 to £100	£5 steps
£100 to £200	£10 steps
£200 to £500	£25 steps
Over £500	at Auctioneers discretion.

Please note that we do not accept 'Buy' bids. Bids received which are not in line with the above steps will be rounded down to the nearest bidding increment.

Lots will be sold to the highest bidder at one increment above the next highest bid. Your bid will not be used as a starting price. **In the event of tied bids, the bid received earliest will win the lot.**

The Auction Manager will treat your bids in confidence. Your limit bid will not be used as a starting bid.

For the majority of lot values we have referred to the following catalogues:-

SG - Stanley Gibbons Canada & Provinces 6th Edition 2016

CS - Unitrade Specialized Catalogue of Canadian Stamps 2018 Edition

Other catalogues have been used for some specialised material and where applicable these are clearly referenced. (E.g. E.S.J. Van Dam for Revenue stamps etc.)

Where the abbreviation STC is used, the catalogue value stated is that provided by the vendor and has not been checked by the Auction Manager.

The sale is listed as follows:-

1. Postal History - Covers etc - Mixed Lots, Accumulations and Collections
2. Postal History - Covers etc - small lots (divided into a number of sub-sections)
3. Postal History - Cancellations (divided into a number of sub-sections)
4. Stamps (divided into a number of sub-sections)

The Postal History sections of the sale contain many specialised items. Rather than split these into too many sub-listings we have attempted to highlight key words (**in red**) that may draw attention to items of special interest or unusual destinations. The system is, of course, not foolproof so if you do have specific interests we would advise close inspection of the lot listings to ensure you do not miss something important. Within each section, lots are listed broadly in chronological order.

Please note that although we have made efforts to illustrate the vast majority of lots, the scans are **not to scale** so relative sizes will not be correct. The scans are, however, of fairly high resolution so you will be able to blow them up in size online to get a close up view of the material.

Oh and remember..... if you see something you like, bid early, bid often and bid high!!

FOREWORD

This sale contains the usual eclectic mix of postal history and stamps from the BNA area. In general, the lots are smaller and of lower value than those we feature in our Convention auctions. Lots are estimated from as little as £1 up to several £100's so there should be something to match most collecting interests and also all pocket books.

As usual, all estimates and bidding are done in £ Sterling although successful overseas bidders will be able to pay invoices in their local currency using PAYPAL. Whilst the sale contains a wide variety of BNA material, the particular highlights include the following:-

1. Some nice transatlantic mail to and from the Maritime Provinces and St Pierre et Miquelon
2. A nice group of Money Letters and Registered Letters from early to modern
3. Some nice early airmail covers from the 1920's and 1930's and
4. A super range of mint Admiral stamps, including many blocks of four, plate pieces and lathework items, including the rare 10 cent bistre lathework.
5. An extensive range of the Admiral War Tax issues including many plate pieces.

and much, much more.

Following successful sales in our last two auctions, this sale also includes a few more lots towards the end of the ever popular bulk used stamps (mostly off paper). Ideal as 'study' lots for varieties and postmarks, these are for those of you who like to get a lot of stamps for your money! Hopefully those of you who missed out the last two times can have another go in this auction.

I hope you can find a few lots to enhance your collection.

Graham Searle

<p>The following 8 lots all comprise packets of stamps - mostly off paper but a few on paper - in bulk. There are far too many to count so I have given an indication for each lot of the weight in grams. Most of these lots are Admiral stamps so for guidance 100 Admirals weigh approx. 4 gms. For all these lots, the condition of the contents will vary but there are many very fine copies here as well as the odd faulty one. Lots include pairs, strips and blocks. They appear to have been collected and selected for a wide variety of reasons including; cancels, dated copies, retouches, plating studies etc etc. For those who like to get a lot of stamps for their money, these are for you!! All are sold without reserve. Expect a higher than normal percentage of minor plate varieties, retouches, re-entries and dated copies etc. Estimates have been set on the basis of actual realisations for similar lots in our last sale. All are ex Peter Payne, Sandy Mackie, John Hannah and/or George Marler. They picked them out so must be some goodies here!!</p>
